

Bridging structural biology and drug discovery

Wednesday 24 November 2021

Sessione 1 (09:30-11:10)

-Conveners: Giuseppe Felice Mangiatordi

time	[id] title	presenter
09:30	[1] Presentazione dell'Istituto di Cristallografia e del Dipartimento di Farmacia – Scienze del Farmaco	Dr GIANNINI, Cinzia Prof. LEONETTI, Francesco
09:50	[2] A drug should be designed with drug delivery in mind	Prof. LOPEDOTA, Angela
10:10	[3] PNAs: a versatile synthetic tool in miRNAs targeting	Dr MOCCIA, Maria
10:30	[4] A journey into the sigma receptors world	Dr ABATE, Carmen
10:50	[5] Small Angle X-ray Scattering (SAXS) - exploring biological macromolecules in their native state	Dr SILIQI, Dritan
