

Bridging structural biology and drug discovery

Wednesday 24 November 2021

Sessione 2 (11:20-12:40)

-Conveners: Angela Stefanachi

time	[id] title	presenter
11:20	[6] The 3Rs in 3D: new chances in pharmacology	Dr CAPPELLARI, Ornella
11:40	[7] Structural characterization of protein-ligand interactions by X-ray diffraction	Dr CALIANDRO, Rocco
12:00	[8] Towards a Sustainable Synthesis of APIs in Environmentally Friendly Solvents	Prof. PERNA, Filippo
12:20	[9] The use of powder diffraction in solving pharmaceutical crystal structures	Dr CUOCCI, Corrado
