

# Bridging structural biology and drug discovery - II

## Wednesday 11 May 2022

**Sessione: 1 (09:30-11:00)**

**-Conveners: Danilo Belviso**

time	[id] title	presenter
09:30	[2] Introduzione e presentazione degli istituti	Dr GIANNINI, Cinzia Prof. LEONETTI, Francesco
09:40	[3] Design of mucoadhesive drug delivery systems	Prof. LAQUINTANA, Valentino
10:00	[8] Unravelling the Primary Structural Determinants Essential for Proneurotrophins Biological Functions by a Combined Evolutionary and Structural Approach	Dr COVACEUSZACH, Sonia
10:20	[15] Nutraceuticals and Functional Foods: work in progress	Prof. CORBO, Filomena
10:40	[14] Targeting the undruggable: preliminary studies on a promising beta-catenin inhibitor	Dr CAPELLI, Davide
