

Joined Workshop between the Institute of Crystallography–CNR and the Institute of Materials Science, Technische Universität (TU) Dresden

Friday 01 July 2022

Session: 2 (15:50-17:05)

-Conveners: Anna Moliterni

time	[id] title	presenter
15:50	[8] Nanoelectronic compact devices as innovative tools for biomedical research and diagnostics	Dr IBARLUCEA, Bergoi
16:15	[7] Atomic resolution transmission electron microscopy of radiation sensitive specimens	Dr CARLINO, Elvio
16:40	[17] Controlled manipulation, lithography and sliding experiments on the nanoscale	Prof. GNECCO, Enrico
