

SILS2023

Wednesday 30 August 2023 - Friday 01 September 2023

Sapienza

Scientific Programme

MS1 - 4D-microscopy and tomography

MS2 - Advanced accelerator-driven radiation sources and their applications (XFEL- IR)

MS3 - Multi scale approach for the study of functional materials

MS4 - Synchrotron and XFEL radiation for life-science

MS5 - Equilibrium and dynamic properties of surfaces and nanostructures

MS6 - Advanced data analysis methodologies

MS7 - Extreme condition science

MS8 - Open session

MS9 - Young scientist session
